POLICY

1. School profile

Deans Marsh Primary School (DMPS) is a small rural school in the foothills of the Otways. The school services the surrounding districts of Pennyroyal and Bamba. A school bus service provides transport for the majority of children at the school.

The school is committed to providing a stimulating learning environment that nurtures independent learners. Positive self-esteem is fostered in a supportive classroom climate. We value providing the opportunity for all young people to flourish within our innovative and caring environment, with a strong commitment to Literacy and Numeracy.

We are proud of our strong family partnerships and encourage involvement from parents and community members in our many programs. Parental involvement in many aspects of the school's operation is encouraged – from decision making at School Council, support of classroom curriculum programs, excursions, camps, celebrations, fundraising, music, drama and environmental programs and the enhancement of school facilities.

2. School values, philosophy and vision

DMPS is committed to providing a safe, supportive and inclusive environment for all students, staff and members of our community. Our school recognises the importance of the partnership between our school and parents and carers to support student learning, engagement and wellbeing. Our vision is to provide a well-rounded education to create resilient, 21st century learners in a happy and safe environment. We live and learn in the country and thrive in nature whilst finding happiness and pride when achieving something challenging. Our values are *Respect*, *Responsibility* and *Resilience*, and underpin all that we say and do at our school.

Our full Statement of Values and School Philosophy is available on our school's website.

3. Engagement strategies

DMPS is committed to providing the necessary support to ensure our students are supported intellectually, emotionally and socially. Classroom teachers play a significant role in developing and implementing strategies help identify students in need of support and enhance student wellbeing. DMPS will utilise the following information and tools to identify students in need of extra emotional, social or educational support:

- personal, health and learning information gathered upon enrolment and while the student is enrolled

- academic performance
- observations by school staff such as changes in engagement, behaviour, self-care, social connectedness and motivation
- attendance, detention and suspension data
- engagement with families

- self-referrals or referrals from peers

5. Student rights and responsibilities

All members of our school community have a right to experience a safe and supportive school environment. We expect that all students, staff, parents and carers treat each other with respect and dignity. Our school's Statement of Values highlights the rights and responsibilities of members of our community.

Students have the right to:

- participate fully in their education
- feel safe, secure and happy at school
- learn in an environment free from bullying, harassment, violence, discrimination or intimidation
- express their ideas, feelings and concerns.

Students have the responsibility to:

- participate fully in their educational program
- display positive behaviours that demonstrate respect for themselves, their peers, their teachers and members of the school community
- respect the right of others to learn.

Students who may have a complaint or concern about something that has happened at school are encouraged to speak to their parents or carers and approach a trusted teacher or a member of the school leadership team.

6. Student behavioural expectations and management

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with DMPS's Bullying policy.

When a student acts in breach of the behaviour standards of our school community, DMPS will institute a staged response based on restorative practises, and consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:

- warning a student that their behaviour is inappropriate
- teacher controlled consequences such as moving a student in a classroom or other reasonable and proportionate responses to misbehaviour
- withdrawal of privileges
- referral to the Year Level Coordinator
- restorative practices
- detentions
- behaviour support and intervention meetings
- suspension
- expulsion

Suspension, expulsion and restrictive interventions are measures of last resort and may only be used in situations consistent with Department policy, available at:

- <https://www2.education.vic.gov.au/pal/suspensions/policy>
- <https://www2.education.vic.gov.au/pal/expulsions/policy>

- <https://www2.education.vic.gov.au/pal/restraint-seclusion/policy>

In line with Ministerial Order 1125, no student aged 8 or younger will be expelled without the approval of the Secretary of the Department of Education and Training.

The Principal of DMPS is responsible for ensuring all suspensions and expulsions are recorded on CASES21. Corporal punishment is prohibited in our school and will not be used in any circumstance.

7. Engaging with families

DMPS values the input of parents and carers, and we will strive to support families to engage in their child's learning and build their capacity as active learners. We aim to be partners in learning with parents and carers in our school community.

We work hard to create successful partnerships with parents and carers by:

- coordinating resources and services from the community for families
- including families in Student Support Groups, and developing individual plans for students.

8. Evaluation

Sources of data that will be assessed on an annual basis include:
